

UNIVERSITY TEACHING AWARDS

**Tenure track typically have titles of assistant, associate, or full professor. Non-tenured may have titles such as lecturer or clinical professors. An instructor need not be tenured or tenure-track to receive an award. Fixed term faculty who hold the rank of lecturer, senior lecturer, etc. are eligible for many awards. If you are not sure of an instructor's rank, make a submission and it will be routed appropriately. Thank you for your time!*

Once you have chosen an award, please go to webpage for the specific award to look at stipulations and to check if the person has recently won this award.
